HONEYCOMB SHADES

Versatile Honeycomb Shades are available in a wide array of fabrics, cell sizes, and colors to complement any home décor. Brilliant colors stay true even in the face of direct sunlight, while a variety of custom light control and privacy options allow homeowners to keep their home comfortable at all times.

Installing Honeycomb Shades can help protect people, pets and home furnishings from harmful UV rays. The insulating construction of Honeycomb Shades improve a home's energy efficiency, and a neutral fabric backing provides an attractive, uniform exterior appearance.

Ask us about the wide selection of unique lifting systems and specialty options.

ROLLER & ROMAN SHADES

Roller Shades are a traditional window covering offering countless decorative options. Ideal for all areas of the home, this product works well alone or layered with other window treatments. Available Roller Shade fabric selections include solar screens, decorative patterns, natural and nature-inspired textiles, fire retardant fabrics, room darkening & dual options in a variety of colors and opacities.

Roman Shades are elegant fabric treatments that are raised in even folds – our collection features Classic Hobbled or Flat Roman Shades. This stylish product enhances any décor and is often used in formal settings.

WOVEN WOOD SHADES

Woven Wood Shades are created from natural reeds, fibers and bamboo. The durable fibers are hand-selected and carefully woven to retain their natural color and unique textural characteristics. As a result, every Woven Wood Shade exhibits artisan appeal with its own distinctive grain and pattern.

Woven Wood Shades can change the mood of a room from exotic to casual, to formal or rustic. These stylish, affordable shades are operated with a simple pulley system, allowing the shade to be fixed at any level desired. Decorative upgrade options are also available including, operable liners, and privacy liners.

*Motorization - for larger shades, a power supply is recommended.

HORIZONTAL BLINDS

2" & 2-1/2" WOOD & POLY BLINDS

Timeless and popular, our Horizontal Blinds collection offers many choices in wood and faux. Wood blinds are the classic preference for adding the warmth and beauty of natural wood to any room of the home or office, while Poly Blinds feature a variety of affordable finishes, including wood tones and shades of white.

1" & 2" ALUMINUM BLINDS

Aluminum Blinds are a great fit for commercial applications or consumers seeking the contemporary look of metal blinds. Aluminum color selections include metallic and perforated finishes.

SHEER SHADINGS

Sheer Shadings combine the primary advantages of draperies, shades and blinds into a single extraordinary design. Featuring fabric vanes suspended between sheer fabric facings, simply tilt or raise Sheer Shadings to choose the perfect degree of light control and privacy. A range of light filtering and room darkening fabrics are available to suit your home comfort preferences.

These exquisite window fashions enhance any room. Soft fabric vanes glide from open to closed (tilted), to out of sight (raised), delivering view-through and privacy with easy operation.

REVOLVE™ TRANSITIONAL SHADES

Transitional Shades are a unique fusion of roller shade technology with the utility of venetian blinds. Utilizing advanced weaving techniques, the horizontal lines of transitional shade fabrics create panoramic views unobstructed by cords. Unlike traditional roller fabrics, these modern fabrics can be aligned to achieve view through or privacy, while preserving a soft natural light.

ECLIPSE® SHUTTERS
